# OUR CORPORATE SUPPORTERS

## About Narayan Seva Sansthan

Founded in 1985 by the visionary Shri Kailash 'Manav' Ji, Narayan Seva Sansthan has grown to become a lifeline for thousands of differently-abled and underprivileged individuals across the globe. What began as a humble effort has transformed into a movement - a mission to bring dignity, independence, and hope to those who've long been overlooked by society.

At its heart, Narayan Seva Sansthan is more than just a charitable organization. It is a compassion-driven family that believes every person, regardless of their physical limitations or economic background, deserves a chance to live with pride and purpose.

Through free corrective surgeries, distribution of mobility aids, skill training programs, and rehabilitation services, we offer not just assistance, but a new beginning. A beginning where a child takes their first step, a father returns to work, or a mother smiles again - all because someone believed they were worth helping.

## Modular Operation Theatre

At Narayan Seva Sansthan, we are working towards establishing a state-of-the-art Modular Operation Theatre (OT) to perform complex and corrective surgeries for the differently-abled. This advanced facility will significantly enhance surgical outcomes, ensure better infection control, and provide a safer, more hygienic environment for patients. Your CSR support will enable us to offer high-quality, free surgical care to those who need it most, especially from underprivileged backgrounds. This initiative not only transforms lives but also reflects your organization's commitment to inclusive healthcare and nation-building.

### The installation of a Modular Operation Theatre will allow us to:

- Increase the volume of surgeries (often multiple in a day)
- Meet the growing need of sterile and controlled surgical conditions
- Scale up our surgical capacity significantly
- Operate with greater safety, precision, and hygiene
- Reduce waiting time for critical corrective surgeries
- Provide world-class care to patients from underprivileged backgrounds — completely free of cost
