About Narayan Seva Sansthan

Founded in 1985 by the visionary Shri Kailash 'Manav' Ji, Narayan Seva Sansthan has grown to become a lifeline for thousands of differently-abled and underprivileged individuals across the globe. What began as a humble effort has transformed into a movement — a mission to bring dignity, independence, and hope to those who've long been overlooked by society.

At its heart, Narayan Seva Sansthan is more than just a charitable organization. It is a compassion-driven family that believes every person, regardless of their physical limitations or economic background, deserves a chance to live with pride and purpose.

Through free corrective surgeries, distribution of mobility aids, skill training programs, and rehabilitation services, we offer not just assistance, but a new beginning. A beginning where a child takes their first step, a father returns to work, or a mother smiles again — all because someone believed they were worth helping.
